COMPANY FOCUS

- **All Star is a systems integrator who SELLS, IMPLEMENTS AND SUPPORTS multiple products as a solution**
- **All Star has experience with MULTIPLE products**
 - Can recommend best of breed products based on your requirements versus forcing products like many vendors do because those are the only products in their arsenal
- **Our solutions automate processes by...**
 - Capturing inbound information no matter the source
 - Extracting and validating pertinent information
 - Automating the approval and exception processing of that information
 - Populating ERP/Line of Business systems with that information
 - Allowing users to retrieve the information instantly
 - View real time metrics of data from any data source

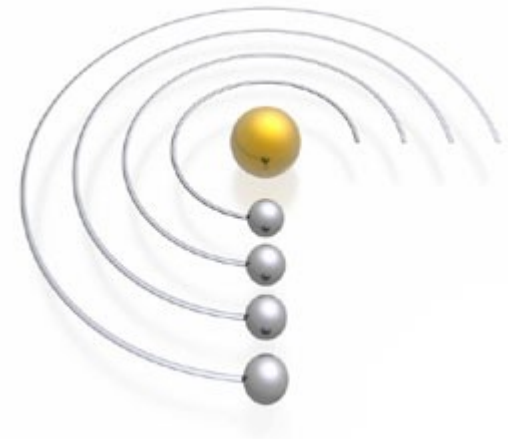

WHY ALL STAR?

- **The best software and services for a REASONABLE price**
- **Work is accomplished with an UNPARALLELED level of detail**
- **Systems are sold, implemented, and supported by people who have a PASSION for SUCCESS.**
- **PROACTIVELY support and develop your system**
- **Industry EXPERIENCE with many solutions and products**
- **WINNERS do what others don't want to do or only talk about doing**
